Additional information

When considering the application, this Council will have regard to any comments that have been received as part of the consultation process and will also take into account the street trading conditions and the Council’s policy.

Please be aware that in accordance with the EU Services Directive, any refusal by the Council must be justified by an “overriding reason relating to the public interest”. Examples of this are public safety, public health, protection of consumers, combating fraud and protection of the environment. It should be noted that refusing an application on the grounds that there are already enough shops/traders in an area can no longer be used. Legal advice obtained in January 2021 confirms that the Provision of Services Regulations, which were introduced in 2009 and implemented the EUSD into UK law, continue to apply in the context of Licensing including street trading.

Should you have any comments, please let me know by 28th February 2023. If I do not hear from you by this date, I shall assume you have no objections.

With the current situation we are trying to process street trading applications quicker in order to ‘Help Business’ but if you need a longer consultation period, please let me know urgently.

Should valid objections be received in relation to the application, these will be notified to the applicant and the application may be referred to the Council's Street Trading Sub-Committee for a decision. The applicant and objectors will be invited to take part in the hearing.

Kind Regards

A Giles
