Subject: application for grant

Dear John,

I am writing on behalf of Merrymeet Residents Association asking for a grant of £100 to be put to acquiring paint and wood preservative.

The bus shelter on the main road needs repainting having not been done for a couple of years and the play equipment in the playground has not been treated with preservative since before Covid. We will be getting in touch with the Probation Service who usually have provided the help in the past for treating the wood when providing a team to help with setting up Liskeard Show.

Many thanks for your assistance.

regards

Lynette
