Subject: Nets, fence and butt 😊

Hello John,

I have promised the young boys that were shouted at today for kicking their football balls into the tennis courts by the tennis players that I would contact you as ask for your help.

There are no nets in the goal posts on the football field resulting in balls often flying onto tennis and upsetting the tennis players and the last thing we want to do is discourage the youth from making the most of the village resources; we need to be encouraging them

Also on another note the School fence looks awful can it be repaired or taken down? Many parents have expressed that it doesn't promote the school or the village playing field in a good light.

Also whilst I'm on a roll there was talk about the parish providing a water butt for the playgroup- we would love one if you have funds for one.

When is your next meeting? Should I come along to discuss options?
